PGY-3 Residents

Matthew Humphreys, MD

Matthew is an Undersea Medical Officer in the US NAVY Medical Corps where he has worked with Navy SEALs, EOD and the Navy in various capacities. In addition to his studies, Matt enjoys his free time surfing and going to the beach with his wife and four children.

Ryan Moran, MD
Ryan holds a Bachelor’s in Economics from the University of California, Davis and earned his MD from the University of Washington.

Porchia Rich, MD, MPH, MSW

Porchia grew up in San Diego, California, and earned her bachelor’s in Psychology from the University of the Pacific.
CURRENT RESIDENTS

Deepa Sannidhi, MD

Deepa was born and raised in New Jersey. She attended Rutgers University where she earned her Bachelor's degree in Biomedical Science. She then went on to attend medical school at Uniformed Services University of the Health Sciences. In her free time, Deepa enjoys cooking, watching movies, and exploring the city with her husband. She even blogs about it! She's super excited to explore San Diego with her Back and learn more about Primary Care.

David Crabtree, MD

David grew up in rural southwestern Virginia and graduated from East Tennessee State University with University Honors in Psychology. He then attended medical school at Uniformed Services University of the Health Sciences and completed his residency training at the US Army Medical Center of Excellence. In his free time, David enjoys running, swimming, spending time with his dog "Marlo," and going to electronic dance music festivals.
CURRENT RESIDENTS

Emily McDonald, MD

Samuel Park, MD at the University of California San Diego School of Medicine, Sam decided to switch paths from a... practice and part-time in a physician leadership/management role with a focus on quality and performance improvement.

Sankar Sridaran, MD
Amish Talwar, MD

Amish received his BA in Political Science from Rutgers University before completing his MD at Columbia University. He then went on to pursue a fellowship in Global Health. His areas of interest also include vector-borne diseases and health informatics.
